NEW COTTON MILLS ON THE TAPIS.

The development of Virginia Coal Fields and the proposed Capitalists—New and Old—Plants of Various Kinds.

November 10.—Special reports from the Manufacturers' Record indicate an increasing interest in cotton manufacturing in the South. It is stated that a number of mills will shortly be built in the South, and that the industry is now in operation. Final contracts for the construction of a new cotton mill in South Carolina to cost \$1,000,000, which will require over \$500,000 in cash, will be completed by the end of the month. It will be one of the largest cotton mills in the South, and will double the output of the mill. The cost of about \$500,000, and the other mill enterprises are being organized. Among the enterprises are the purchase of 10,000 acres of land in Virginia, and the building of a large cotton mill, and the purchase of a large piece of land in South Carolina, and the building of a large cotton mill. The new buildings are being built at a cost of \$500,000, and the new buildings are being built at a cost of \$500,000. The Master in Chancery has approved the report, and has ordered the receivers to continue to operate the railroad.

He had been suffering from rheumatism for many years, and his death was a great loss to the educational community. He was a member of the faculty of the University of Kentucky, and had been a prominent member of the faculty for many years.

TO BE IN ANNUAL SESSION.

Agricultural Experts to Meet at Washington Next Week.

WASHINGTON, November 10.—The work of agricultural experiment stations in this country will be thoroughly reviewed and plans discussed at the forthcoming eighth annual convention of the association of American colleges and Experiment Stations. The meeting will begin in this city next Tuesday and close Friday, and a large gathering of agricultural experts is expected. Sessions will be held daily. Addresses will be made by Assistant Secretary of Agriculture Dabney, Commissioner of Education Harris and by various experts in agricultural matters. Reports will be received from committees and section chairmen, and all sections will meet for organization and preliminary business. General Stephen D. Lee, president of the Mississippi Agricultural and Mechanical college and president of the association, will deliver his annual address in the evening.

OLNEY MAY SOON RESIGN.

The Attorney General Talks of Leaving the Cabinet.

WASHINGTON, November 10.—Attorney General Olney, in conversation with friends during the past few months has expressed himself as anxious to return to private life, stating that the drudgery and responsibilities of the position are wearing him out. His private law practice, it is said, is even now worth from \$50,000 to \$100,000 a year, and would be largely increased if he were free from official trammels. In the event of Attorney General Olney tendering his resignation, the possibility is suggested that William L. Wilson might be tendered a seat in the cabinet. This, however, is a matter upon which no intimation has been had directly or indirectly from the president.

GENERAL HOWARD RETIRES.

Leaves the Army After Nearly Forty Years of Active Service.

NEW YORK, November 10.—At noon yesterday Major General O. O. Howard took farewell of the United States army and retired to private life. After forty years of military life he laid aside his sword and donned civilian clothes. There was no formal ceremony or pompous leave-taking, nothing but a few friendly compliments and hearty handshakes. And yet, in this simple way, the army parted with one of its strongest leaders. General Howard retired under the age limit, and for the rest of his life will be pensioned by the government.

DIED AT AN ADVANCED AGE.

Demise at St. Paul of a Prominent Railroad Builder.

ST. PAUL, Minn., November 10.—Col. Andrew De Graff, one of the earliest settlers in Minnesota, and one of the best known railroad builders in the United States, died last night at the Merchants' hotel, aged 85 years. The remains will be taken to Dayton, O., for interment. In his younger days, before the war, he was interested in and superintendent of the building of what is now known as the New York Central, a number of Ohio roads and some roads in this section.

WHAT POPULIST DEFEATS MEAN.

Railroad Officials' Fears Removed as to the Season's Business.

NEW YORK, November 10.—Railroad officials stated today that the populist defeats remove fear of unreasonable legislation in many states, and improve rate prospects, but they have little hope of any fair volume of business during the winter months on account of the poor outlook for traffic in that period. Interests closely identified with the management of some of the most important systems still refrain from buying.

ANYTHING FOR AN EXCUSE.

Denny Looking Around for Something to Base a Contest On.

VERMONT, Ky., November 10.—Denny's brother-in-law, Wood G. Dunlap, has been in Woodford since yesterday morning and it is said that he is looking for a gap by which the vote of closer bottom gave Owens a majority of 105 votes. This precinct gave Breckinridge an overwhelming majority in the primary September 15, and Denny confidently expected to carry it, and "can not see why he did not."

HOW MAXWELL CELEBRATES.

Cutting off the Heads of Republican Postmasters Right and Left.

WASHINGTON, November 10.—Headman Maxwell came down to his office yesterday morning with a brown taste in his mouth. His republican friends have been having considerable fun at his expense since Tuesday, and he felt irritated. When he reached the post-office he took up his pen and with keen relish appointed twenty-eight democratic fourth-class postmasters.

THE DEATH OF PROF. WYLIE.

The Well Known Kentucky Educator Carried Off by Rheumatism.

BOWLING GREEN, Ky., November 10.—Professor W. B. Wylie, superintendent of the city public schools, died here yesterday morning at 10 o'clock of rheumatism of the heart, after an illness of several weeks. He had had charge of the schools since their organization eleven years ago, and had made them the pride of the city. A Great Battle is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. Hood's Sarsaparilla is the weapon with which to defend one's self, drive the desperate enemy from the field, and restore bodily health for many years. Hood's Pills cure nausea, sickness, indigestion and biliousness. 25c.

THE POPULISTS TAKE TEXAS.

Claiming the State for Their Nominees, and Culberson Probably Defeated.

DALLAS, Tex., November 10.—Texas, too, was caught in the slide, but by the populists instead of the republicans. The time worn plurality of one hundred and eighty thousand for democracy is a thing of the past. Yesterday's returns very materially change the situation from that of Wednesday, when the democrats were confident of a plurality of eighty thousand, while now they will be satisfied if barely ahead. Every return throughout the state shows phenomenal populist gains and indicate the election of Nugent, the populists' nominee for governor. The state at this hour is claimed by both parties. The populists claim a plurality of eighty thousand for Nugent, while the democrats only claim the state for Culberson by 30,000. The democratic strongholds have been heard from, while the populists are yet to receive returns from the country districts. They get two congressmen.

OWENS AND DENNY BOTH CLAIM

The Vote Strikingly Close in the District With Chances Against Owens.

LEXINGTON, Ky., November 10.—The situation in the Ashland district is unchanged from yesterday. Owens, democrat, claims 115 plurality, but Judge Denny, republican, says he is confident of his election when the official returns are counted today. If Owens is given a certificate Denny will surely contest his seat in congress on the ground of the refusal to register republican voters and on account of frauds on election day.

THE WISCONSIN ASSEMBLY.

Republican Majority Seven in the Complete Assembly Sixty-Four.

MILWAUKEE, Wis., November 10.—Complete returns show the election of sixteen republican and four democratic state senators, which make the senate stand republicans twenty, democrats thirteen. The election of eighty-two republicans and eighteen democrats will make the republican majority in the assembly sixty-four.

NEW YORK STATE'S VOTE.

Morton's Plurality One Hundred and Fifty-Three Thousand.

NEW YORK, November 10.—Complete returns of New York state shows the vote for governor as follows: Morton 468,712; Hill 511,574. Morton's plurality 153,862. The official vote for president of the board of aldermen gives John Jeromson, republican, a plurality of 44,313. E. J. H. Tamson, republican, for sheriff 27,160.

The Official Vote in New York City.

NEW YORK, November 10.—The official vote of New York city for mayor is as follows: William L. Strong, republican, 155,048; Hugh J. Grant, democrat, 108,778; Lucien Senial, socialist, 7,101; James McCullen, people's, 928; George Gietlein, prohibitionist, 869. Strong's plurality 44,265.

Colorado's Republican Legislature.

DENVER, Col., November 10.—The republicans apparently have a majority of sixteen on joint ballot in the legislature. The senate will consist of sixteen republicans and nineteen democrats and populists. In the house the republicans will have forty-two members and the opposition twenty-three.
